Unexpected News. Washington, March 9 .- About the last place that the navy department expected to hear from the Atlantic battleship flotilla for at least six months was from the Atlantic coast, yet this is what has happened. The navy department today received a telegraphic message from its wireless station at Pensacola, which had been in direct communication with the battleship fleet, a most remarkable performance, considering that the wireless impulses were obliged to traverse the Guif of Mexico, then cross overland the state of Texas, part of Mexico and again traverse several hundred miles of ocean. This particular message was from Rear Admiral Thomas, in command of the second division and was as follows:
"Have you any important news
from home?"

An additional dispatch received at Pensacola from Admiral Thomas, dated on board Minnesota at 8 o'clock last night, is as follows: "The position of the fleet at this moment is latitude 14.37 north, longi-

FOR THREATENING CANNON.

Improper Postal Cards Bring Arres for Indiana Man.

Indianapolis, March 9.-Herman Main 64 years of age, and a veteran of the civil war, was arrested here Saturday night on advices from Washington to the effect that he had written threatening postal cards to Speaker Cannon, Congressman Overstreet and other public server. The cards were written under lic men. The cards were written under the name of A. C. Benett, but the Unit-ed States officials had little difficulty in tracing them to Main. He was found in the back room of a house at 25 North in the back room of a house at 25 North Liberty street, and protested vigorously over his arrest. He said he had lived here eight years and had been a writer for Chicago and New York papers, and had never been in any trouble. "This is a rank conspiracy," he de-

clared. "You don't see Harriman and the other big stealers being arrested.

the other big stealers being arrested, do you? I am told by the spirits that I have a mission in life and I'm going to carry it out."

The postal card to Speaker Cannon declares that the writer helped build the Republican party and is interested in its success, and says: "You are bribed to kill the pure food bill and the meat inspection bill. If you knew how people curse your lank old face you would dread to die and meet your Maker. Who owns the country? Not Maker. Who owns the country? Not old Joe Cannon."

The authorities do not seem to know man or simply as a crank.

To guard against a surprise, however, police were detailed to watch all gatherings of socialists and anarchists, but reports from all quarters indicated that no attempt was made by her to violate the police injunction against public speak-

Special attention was paid by the po lice to a concert and meeting held in a hall at North Clark and Eric streets where many anarchists were known to be among the attendants and where it was said to have been advertised that Miss Goldman would appear. No dem-onstration of any sort occurred, and no arrests were made

An attempt of the Socialists' Science League, a radical organization to hold a meeting in a room in the Masonic Temple was frustrated by the police last night. Some 200 members of the society gathered in expectation of hearing a speech by Miss Goldman, not knowing that permission to hold the meeting had been denied by the agent of the building. Upon refusal by some of the dis-appointed ones to disperse when order-ed by the watchman to do so, the police were summoned and the hall cleared.
